A Message from the President

I am sure you know that you live in a fantastic community. My wife and I feel privileged to have moved here almost three years ago. It is a safe, beautiful, well-maintained and welcoming neighborhood. I believe the Glabar Park Community Association, which was established when the first homes were built here, plays a vital role in the health of our neighbourhood. The association's objectives are:

- To maintain or improve the amenities and quality of life of the Glabar Park community
- To monitor governmental agencies at all levels on those matters directly affecting the Glabar Park community
- To keep residents of the Glabar Park community informed of all actions or proposed actions which could affect the community

I have sat on this board for nearly three years and I can tell you that the members are dedicated people whose interests are to make the community they live in a better place. There is always room for more members on the board as well as on sub-committees. If you are interested in helping, please contact us through our website www.glabarpark.ca.
